## Special Projects Division

e-ppl's management team are industry professionals and have many years of experience in project management in various sectors. Our reputation for delivery has positioned e-ppl as the company of choice where external project support & resource is required.

Our approach is hands-on, from the initial project planning right through to completion – we are not just the consultants who advise – we DO THE DOING.

*Projects delivered by the e-ppl team include:*

- Provide 100+ skilled workers, supporting New Vehicle Launches
- Retro-fit & Refurbishment of Rail Carriages
- WIP Reduction Programmes
- Major recall & rework of 5500 public carriage vehicles
- Recruiting an entire workforce for a new production facility
- Quality Improvement using cause analysis & problem resolution techniques
- Business turn-around & profitability programmes
- Skilled Labour to cope with peaks of work (Pay As You Go Labour)
- Business Evaluation and Waste Removal (£Cost Down Focus)

Please contact one of our experienced Project Managers in the first instance, to discuss how we can help you and your business.

*Companies our team have worked with include*
